Big "Clean-Up" Campaign Rally

OPEN MEETING BY
O. B. CHAMBER OF COMMERCE
NEXT TUESDAY NIGHT

A grand rally will be held by the Ocean Beach Chamber of Commerce next Tuesday night for furthering the general "Clean-Up" campaign at Ocean Beach. Special speakers have been invited from the San Diego Chamber of Commerce and announcement will be made of prizes to be awarded by business men of the community.

Chairman Fred H. Kraft, of the "Clean-Up" campaign committee, states that a concerted effort will be made toward making the streets and avenues more sightly and attractive. Property owners are urged to clean off parkways and lots now overgrown with tall weeds. "It's clean-up and paint-up time," says Chairman Kraft, and everybody is requested to join in the movement for the betterment of Ocean Beach. The young folks will be organized into squads and prizes will be distributed for good work. Anyone wishing to contribute prizes (no cash) for the girls and boys can turn in their particular donation to Kraft's Drug Store and the prizes will be duly put on display. The campaign is hoped to be in full force soon with wonderful results for the entire beach district.

PAVILION BARBER SHOP—Under personal direction of A. H. Maier. Skillful service, always.

LACK OF FUNDS
SAYS CITY MANAGER RHODES.

FOR OPERATING DEPT.

Efforts of a special committee of the O. B. Chamber of Commerce to speed up the paving program long ago outlined for Ocean Beach resulted this week in a declaration by City Manager Fred Rhodes that the operating department lacks funds for the purchase of pipe for the new water mains necessary on the streets scheduled to be paved.

"San Diego is suffering growing pains," says Mr. Rhodes, "and is in the same fix as all other cities whose population is increasing far more than the assessed valuations are growing."

It is also stated by Mr. Rhodes that the only relief is to get more money through the increased valuations, but the money from such increases will not be available until next June.

Beach property owners insist upon early action on the street improvement program and will ask the council for relief from the prolonged delay.

MRS. M. COTTON SEEKS
LOCATION OF HER SON

Aid in locating her son, who she believes has been living in Ocean Beach, is requested in a very pathetic and appealing letter from Mrs. M. Cotton of Slater, Wyo., to City Attorney Shelley Higgins, who is making every attempt to find her son.

EARLY MORNING FIRE
ON CAPE MAY AVENUE

The members of the O. B. Fire Department were called out in the early hours of last Saturday morning to extinguish a blaze in one of the Martin cottages on Long Branch avenue. The fire was said to have been caused by electric wire trouble and the roof and one side of the house were badly damaged.

AUTO DRIVER EXONERATED

A coroner's jury investigating the death of Robert Parrish, nine-year-old son of C. W. Parrish of National City, returned a unanimous verdict exonerating Arthur Cahill, driver of the automobile of all responsibility for the boy's death.

STRANGLED IN SURF

Mrs. Cora Smith, wife of Louis H. Smith, a merchant of El Cajon, died of strangulation in the surf at Pacific Beach last Saturday afternoon when into the coils of the law and order a huge breaker caused her to lose her balance and fall beneath the waves.

ATTEMPTED AUTO ROBBERY

ON CAPE MAY AVENUE

IN OWNER'S ABSENCE

Last Monday night during the absence of Mr. and Mrs. Ransom P. Wood of 4729 Cape May avenue, their garage was entered by auto thieves who endeavored to steal their car. Owing to the precaution taken by Mr. Wood of locking the mechanism of the car the thieves were unable to run it, but turned their attention toward stealing the wheels, but were frustrated in their thievery by the return of Mrs. Wood, who had been on a visit with friends to the County Fair. Mr. Wood is away in the back country on a hunting trip. The police were notified of the attempted robbery.

DOING WELL IN NEW FIELD

Earl J. Haas, a former Ocean Beach resident, now in business in East San Diego, does not want to be confused with the J. Haas, who recently got Beach last Saturday afternoon when into the coils of the law and order a huge breaker caused her to lose her balance and fall beneath the waves.

Construction Activity

CONTRACTOR G. M. MILLER
BUILDING TWO NEW STORES
FOR E. TINSLEY

On the vacant corner property opposite Kierstead's Service Station at the corner of Cable and Voltaire streets, Contractor G. M. Miller is constructing a new store building for E. Tinsley of Abbott street.

The lot was leveled to grade this week and a concrete foundation has been laid for the erection of a frame structure to contain two stores, one of which it is stated will be occupied by Mr. Tinsley as a pharmacy and the other as a barber shop. The building will be constructed of novelty siding and the interior will be fitted with all modern improvements by Contractor Miller of 4711 Cape May avenue, while the plumbing work will be furnished by C. H. Julian of Voltaire street.

NEW DORMITORY AT
ARMY AND NAVY ACADEMY

A permit has been obtained for a new dormitory, costing \$5,000, at the Army and Navy Academy in Pacific Beach.

NEW SUNSET CLIFFS HOME.

L. H. Dodge has secured a permit for a fine residence, costing \$7,500 in the Sunset Cliffs section.

LARGE WATER MAIN
FOR BOLINAS STREET

City Manager Rhodes this week recommended the council that a six-inch water main be laid in Bolinas street, from Voltaire street to Green street. This main, which will be assessed to the property benefitted, was petitioned for by John J. Weaver and others.

BEACH TOURIST IN HONOLULU

HAWAIIAN "ALOHA"

FEATURES RECEPTION DURING RACING REGATTA

By W. O. COGSWELL

HONOLULU, Hawaii, Sept. 4.—

(Special Correspondence to The Beach News.)—Arriving in time to witness the all territory racing regatta, and other events of the early fall season, passengers who arrived here today on the S. S. Calawail from Los Angeles, were given a typical Hawaiian reception.

Among those on board was Miss Honoria Green of Ocean Beach, Cal.

The native Hawaiian diving boys who swam out to meet the Calawail as it entered the harbor, dove for coins tossed from the deck by Blanche Bates and Margaret Anglin, famous stage stars, who were passengers. Both actresses took great interest in the antics of the swimmers as they went through their diving and swimming stunts.

The customary Hawaiian flowers and music featured the "aloha" given on the steamer as it docked.

Pure Water Assured For The Beaches

RESIDENTS SUPPLIED WITH
LAKE HODGES FLOW 100
PER CENT "STERILE"

Residents of Ocean Beach, La Jolla, Mission Beach, Pacific Beach and other coast suburbs, who are supplied with water from Lake Hodges, can rest assured that they are drinking water that tests 100 per cent in purity. Analysis of this water, made this week by Dr. Thompson, city bacteriologist, shows it to be absolutely "sterile," says the San Diego "Union" of Sept. 16. This means that it is free from any character of bacteria, a condition seldom boasted for the water supply of any community.

Lake Hodges is a part of the San Diego city system, recently taken over by the city. The splendid test is said to be due to double chlorination and scientific filtering. The water is chlorinated before and after filtration.

Lake Hodges reservoir at present is almost full. It ran over the dam last April.

CITY POPULATION
INCREASING RAPIDLY

According to a recent survey by the San Diego Gas and Electric Company the population of San Diego is increasing at the rate of nearly sixty a day, or to be more exact, the figures are given as 1,756 monthly for seven months since the first of last January.

CIVIL SERVICE JOBS OPEN

The civil service commission announces examinations for blacksmith and horseshoer to be held Sept. 22, and for meter reader to be held Sept. 24.

Successful Evangelistic Meetings

ILLUSTRATED SERMONS
ATTRACTING MUCH ATTENTION AT OCEAN BEACH

The Evangelistic meetings now being held at the Congregational Church are increasing in interest and some worthwhile results are being obtained.

The special music furnished by some of the San Diego churches has been good, and that furnished by the M. E. Church South was especially enjoyed.

Mr. Mace in his sermons, has touched upon the vital points and issues in the Christian life, in the life of the individual and nation. His sermons are well illustrated, with illustrations from life, by stories and with material illustrations from time to time.

In the sermon last Sunday evening, "The Complete Life," a broken chair, a flash-light, both with and without the battery, and a watch, a watch-case, and watch works were used, to show that for a full complete Christian life, both Faith in God and His Son, Jesus the Christ, and works are needed.

The sermon on Wednesday evening, "In the Wilderness," showed very clearly the follies of war, Sabbath-breaking, the life devoted entirely to pleasure seeking, and the danger of placing the mind above the heart, as both the heart and mind are needed for full Christian development.

The sermon Sunday evening will be "The Compassion of Christ."

Services are held each evening except Saturday, starting at 7:30. The Baptist Prayer Meeting folks aided in the services on Wednesday evening and their presence was appreciated by both Mr. Mace and the people of the Church.

WHITMORE'S NEW PICNIC
PAVILION NOW OPEN

Construction was finished this week on an attractive picnic pavilion, adjoining Whitmore's Barbecue and Restaurant building at the corner of Abbott street and Newport avenue. The open air pavilion occupies the former vacant property with a frontage of 100 feet and Manager Whitmore states that it will be open to the public for picnic and general meeting purposes.

TWO LAUGH PICTURES
AND THRILLING MYSTERY PLAY
AT GRANADA THEATRE

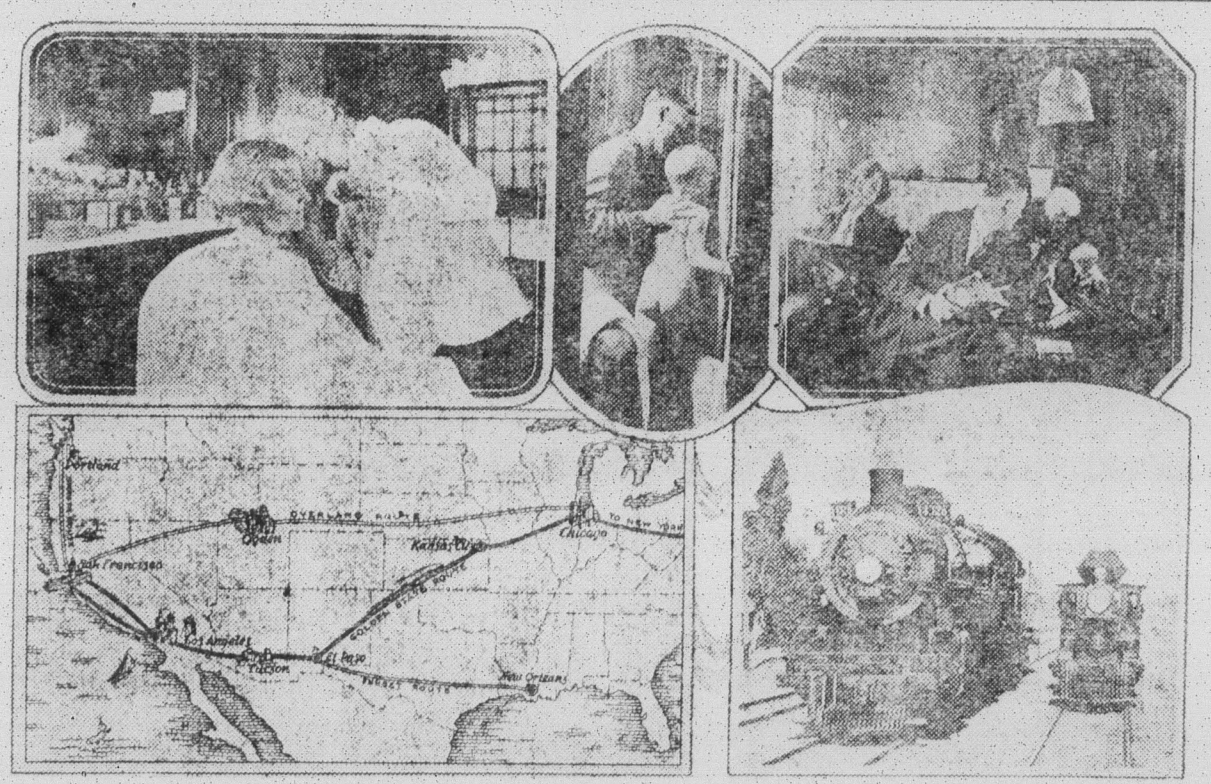

Sunday and Monday at the Granada Theatre, La Jolla, Richard Dix will be shown in his latest release, "Say It Again." This comedy was written for laughing purposes only, and Dix, who was last seen in La Jolla in "Let's Get Married," attains new laurels as the heir to a Balkan throne, who gets into much trouble when his deception is discovered. Alyce Mills plays opposite Dix, and Chester Conklin and Gunboat Smith appear in the supporting cast. A news comedy and Mutt and Jeff appear on the same program.

Pola Negri's latest picture, "The Crown of Lies," is the feature for Tuesday and Wednesday at the Granada. Like "Say It Again," the "Crown of Lies" is also a story of a mythical kingdom, yet entirely different in its composition. It is adapted from a story by Ernest Vajda, and was directed by Dimitri Bucowetski. Noah Beery, Robert Ames and Charles Post appear in support. A fable and comedy also will be shown.

If you liked "Skinner's Dress Suit," then you will revel in "Poker Faces," which brings Laura La Plante and Edward Everett Horton to the Granada Screen for Thursday and Friday. "Poker Faces" is the first of the new Universal Jewels and is an absolute scream. A A news and comedy fill out the program.

A mystery drama that is out of the ordinary is the offering for Saturday, matinee and night. "The Mystery Club," which is the featured picture, is an unusual mystery drama enacted by an all star cast. A Pathe review, a comedy and a Sportlight will be shown with the feature.

FAST TRAINS SAVE BUSINESS DAY

RUNNING TIME REDUCED—When the 63-hour operating schedule of the Golden State Limited begins on November 14, five hours will be cut from the train time between Los Angeles and Chicago. Photo shows a part of the luxurious equipment to be provided for the new train, including barber shops, shower baths, lounges and the latest Pullman cars. Map shows the direct route of the Golden State Limited to Chicago. Lower right, the latest passenger engine which will pull the fast trains, compared with the C. P. Huntington, first Southern Pacific engine.

TRANSPORTATION, patron saint of progress, will soon add another chapter to the colorful history of the development of the West.

The last half-century has seen the transcontinental journey from east to west reduced from months to weeks and from weeks to days, until the once tedious overland trip is now but a matter of hours.

The lumbering oxen drawn cart gave way to the prairie schooner, the stage-coach and the pony express. Then came the first transcontinental railroad train wheezing and halting on the long grind over mountain and plain.

Now comes the announcement that the new luxurious limited trains will cut five hours from the present running time and make the journey from Los Angeles to Chicago in sixty-three hours.

When the Golden State Limited leaves for Chicago on November 14, a new epoch in transcontinental rail-

way transportation will begin. Not only will the new schedule bring the east and the west five hours closer, but the fast trains will give the traveler an additional business day in Los Angeles.

Under the new schedule as now planned the famous Golden State Limited will leave Los Angeles at 5 p. m. and arrive in Chicago at 10 a. m. Leaving Los Angeles, the train will arrive at Colton at 6:35 p. m.; Yuma, 11:50 p. m.; Tucson, 7:40 a. m.; El Paso, 5 p. m. and Tucumcari, New Mexico, 1:55 a. m.

On the westbound journey, the Golden State Limited will leave Chicago at 8:30 p. m. permitting easy connections with the fast trains from the east, and arrive in Los Angeles at 9:30 a. m. giving the business man and tourist an extra full day to enjoy western attractions. It will arrive in Tucumcari at 2:35 a. m.; El Paso, 11:20 a. m.; Tucson, 8:40 p. m.; Yuma, 3 a. m. and Colton, 7:55 a. m.

When the Golden State Limited starts operating on the 63-hour

schedule, the Apache will change its operating time and leave Los Angeles at 10 a. m., arriving in Chicago at 8 a. m. Westbound, the Apache will leave Chicago at 6 p. m. and arrive in Los Angeles at 12 o'clock noon.

The Golden State Limited will be an extra fare train, the extra charge being \$10 between Los Angeles and Chicago, which amount will be graduated for intermediate points.

This train will be equipped with the finest accommodations. The Pullman cars will be of the latest design with permanent-partition section space, insuring additional privacy. Shower baths for men and for women, club cars with card-rooms and smoking lounges, observation cars with private lounges for women, and carefully trained ladies' maids, barbers and valets, will give the new trains a service equal to the most exclusive town club or hotel. Southern Pacific has already placed an order for eleven new diners of the latest design, some of which will be used on the Golden State Limited.

Pacoima Dam Near Los Angeles Is Being Built

The first concrete in the base of the gigantic \$2,000,000 Pacoima dam near San Fernando, Calif., was poured recently. Engineers estimate that the construction will cover more than a year and more than 170,000 cubic yards of cement will be hurled from the top of the dam through the long pouring chutes. Pacoima dam is one of the most important of the many flood-control projects of Los Angeles county, and when completed will rank as the highest dam in the United States, rising to 395 feet above the flood-threat bed of the river.

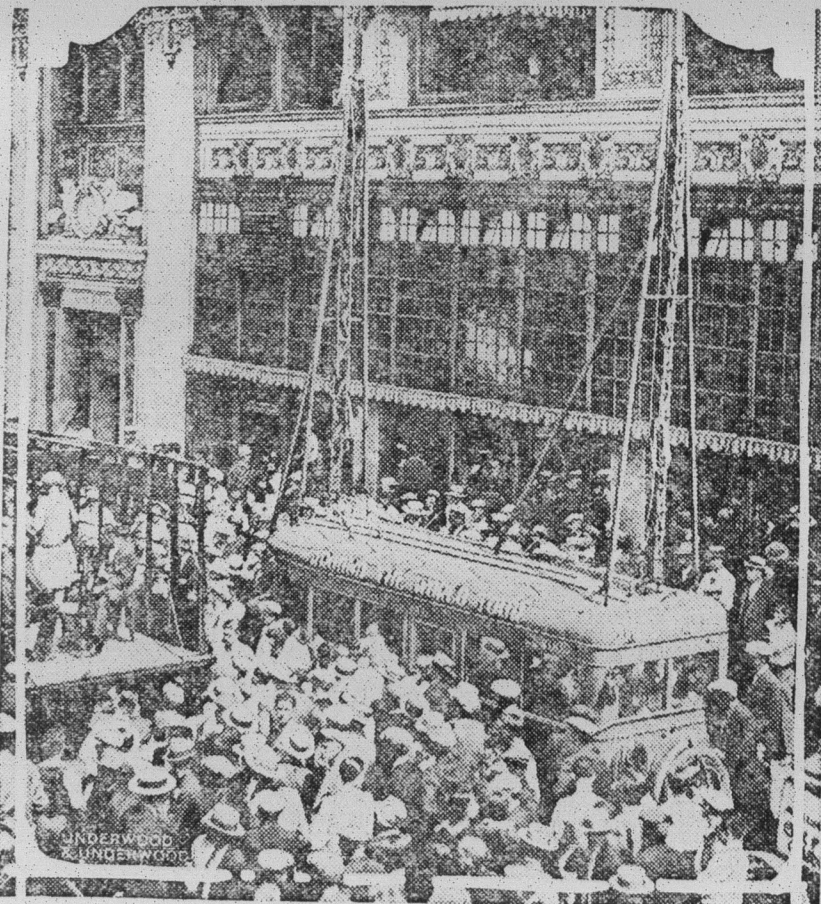

Baltimore Shaken by Explosions in an Oil Fire

Five explosions that rocked the entire city of Baltimore accompanied the burning of the plant of the American Oil company in South Baltimore. Seven tanks of oil and other property valued at \$300,000 were destroyed and eight men injured.

Traveling Broadcasting Station

Above is the only traveling radio broadcasting station in the world, as seen in Chicago. It is being sent across the continent by Warner Brothers' studio in Hollywood in conjunction with experimental work by the radio division of the Department of Commerce. It broadcasts at 108 meters, 1,130 kilocycles. In the truck alongside are the artists that furnish the program.

Finds Nebraska Oil Well With Device

The first oil well in Nebraska was found recently in Franklin county, having been located by A. J. P. Bertschy of Omaha with the aid of an electrostatic balance devised by him. He is shown above with the instrument, which he says detects the presence of highly volatile hydrocarbons.

CALIFORNIA NEWS BRIEFS

An 80-foot blue whale, weighing seventy-five tons, was captured by the Norwegian whaling ship, Hanka, after a spectacular four-hour battle off Catalina Island. The sea monster towed the Hanka twenty-five miles after he was first harpooned, according to officers on the whaler. Captain G. M. Bryde, who directed the catch, said it was the "toughest" battle in his thirty years of whaling experience. Three 100-pound steel harpoons, each loaded with a T. N. T. bomb, were fired into the vitals of the whale before he gave up his battle.

More than 500 growers and citizens of "The World's Great Peach Bowl," of Yuba, Sutter and Butte counties assembled at Marysville in the Hotel Marysville, for the "Harvest Banquet" that climaxed the first annual "Peach Festival." The display consisted of Phillips cling peaches, the principal product of the three counties that raise more than half the world's canning cling peaches. In the display was the huge bowl, seven feet in diameter and containing nearly a ton of peaches.

The mental health of a child is nurtured through praise rather than scolding, according to a word of advice given California parents by the state board of health. "Through praise rather than scolding, through happiness rather than failure, the child acquires an elementary optimistic philosophy of life," said the board in advocating less scolding. "He acquires also a sense of value and a sense of security which are very important for health of mind."

An exchange of visits between the San Francisco Chamber of Commerce and other industrial organizations of that city with the Porterville Chamber of Commerce may be arranged for this fall or next spring, according to W. S. Shippey, president of the Porterville organization, who has returned from a conference with San Francisco commercial bodies. The object of the tours, said Shippey, is to establish closer relations with the metropolis and the Porterville district.

Plans are being prepared for a two-story reinforced concrete research laboratory building for the Stanford University campus, Palo Alto, the funds, \$100,000 being provided by the Rockefeller Foundation. The structure will comprise central portion of two stories, on either side of which will be two L shaped wings of one story, enclosing a courtyard for a small botanical garden. One wing will be used for research and the other for laboratories.

Marking the golden anniversary of the driving of the spike that completed the rail connection between northern and southern California, an all-day celebration was held September 5, at Lang, twenty miles north of Sausalito, the scene of the completion of the work. A train as nearly duplicating the train of fifty years ago as possible left Los Angeles to meet the most modern express from the north at the historical site.

At the regular auction of the California Farm Bureau Marketing Association in Tulare recently, six carloads of hogs, twenty-two cows and seven calves were sold. The sale was one of the largest in the local stockyards in some months and brought top price of \$13.95 for the porkers. The twenty-two cows brought a total of 987, running from \$11 to \$74 per head. The calves sold from \$3 to \$38 bringing a total of \$152.25.

Spraying of grape vines for control of mildew and Spanish measles is proving successful in Tulare county it appears from reports made to and by the assistant farm advisor. This is the second season when records have been available on this work and the advisor declares the results are well worthy of continuation of the tests over a wider field for the coming year, after which a definite report may be expected.

Cliff dwellers wheat grown by Rufus Wiley of McFarland, a rare variety that is said to have been saved to modern civilization from past centuries, will be exhibited at the Kern county fair, September 14 to 18. The wheat is from grain sent to the Delano high school several years ago by the department of agriculture. The seed said to have been found in a cliff dwellers' village belonging to a long past race of people.

C. C. Hall, who was born 71 years ago on the Hall ranch in Alexander valley, Sonoma county, is dead at his home near Healdsburg. Hall took one of the leading parts in prune and hop growing in Sonoma county and for many years was identified with its agricultural and horticultural development.

Mrs. Annie Carry, 89, who came to Santa Rosa, sixty years ago, crossing the plains, died in Santa Rosa last week. Mrs. Carry was long interested in the work of the "Ladies of the Grand Army of the Republic."

Kern county has almost 102,000 trees now bearing citrus fruit, according to authentic compilation at Bakersfield, of which 100,000 are oranges, 800 lemons, and the remainder grapefruit.

A total of 36 calls have been answered this season by John McGlinchey and his county fire fighters at Livermore, it is reported. The total losses this year so far have been \$2,500, the fire warden says. On many occasions fields valued in high figures have been threatened by grass fires and the timely arrival of the firemen have kept the damages low.

If you haven't time to make jelly now, can the fruit juice and make the jelly later on.

Buildings with a total valuation of \$89,300 are under construction in Oroville's business district at the present time.

"Business is good in Inglewood," is the slogan adopted by the Inglewood Realty board at the instance of its secretary, Mrs. Minnie M. Baum.

Bakersfield's \$50,000 Union avenue subway under the Atchison, Topoka and Santa Fe railroad company tracks is completed and was thrown open to motor traffic.

Architects have been commissioned to prepare plans for a Class A theater for I. C. Evans of Marysville. It will cost about \$200,000, and will replace the National theater, which was destroyed by fire July 23.

Nearly 300 carloads of the 1926 crop of apples have gone out to state and interstate markets during the last two weeks according to figures given out by Roy H. Davis, Watsonville Southern Pacific agent.

The sweet pea harvest is now under way in the Lompoc district. There are about 500 acres out to sweet peas in Lompoc valley and quite generally the crop has held up well under the drought, the pods filling well.

The poultry industry is spreading in the Grass Valley section to such extent that demonstrations in culling and pest control are to be given by experts from the University Farm at Davis.

Six out of seven California cities operating municipal gas plants during the last fiscal year completed the twelve months with a profit, according to figures given by State Controller Ray L. Riley.

The first shipment of grapes for the season went out from Oakdale recently, two cars to Chicago, one to San Francisco, and one to Nevada. Almond shipments have also begun, the first for the east going to the Chicago market. In addition four cars have been shipped to Sacramento for shelling.

The record established by the First National Bank of Fontana, during the first week of its existence when almost 600 accounts were opened and the deposits approached the \$500,000 mark, surprised the bank officials and delighted the leaders of the fruit-and-poultry community.

The "cowardly coyote," isn't always cowardly. Believe it or not, M. M. Miller, Nevada county rancher, spent several hours in a tree top last week with an angry female coyote below him snapping and growling. The coyote attacked Miller when he penetrated a woodland glen where she was playing with her nine pups.

It took \$80,820 to run the city of Berkeley during the first month of the current fiscal year, according to announcement of Budget Control Officer J. H. Jamison. The fire department spent the most money, a total of \$18,244 with police second with \$9,946, and the street department third with a \$7,324 total. The total budget for the fiscal year is \$1,215,000.

Arthur Markman, who has recently returned from Japan, and Charles Welch, both of Philadelphia, were in Kern county recently for the purpose of investigating local conditions for the propagation of silk worms and the growth of silk. "Silk culture may become an important industry in California, and I regard Kern county as an ideal place for its development," Markman said.

With a total budgeted expense for the current fiscal year of \$1,267,033.34 including administrative costs, and redemption allowances, the cost of government in Fresno city during the year will be \$19.79 for every man, woman and child, as compared with a cost of \$20.35 in the preceding year, when the total cost of government and bond interest and retirement was \$1,303,266.27.

The famous 80-pound Calaveras Crystal, valued at nearly \$500, is being exhibited for the last time at the California State fair, it was announced by Jayvis Lloyd who is installing the Calaveras county exhibit. The crystal, largest in the world, will go to the United States government soon as part of a crystal consignment to be used in making light-house and battleship lenses.

An electric archway to be installed at a point north and south of the city limits of Petaluma on the Redwood highway, featuring the World's Egg Basket, filled with eggs that has made the city far famed, was discussed at the meeting of the directors of the Chamber of Commerce. It is planned to have the archway brilliantly illuminated at night, with countless electric lights.

Registration of every one entering the Sequoia National Forest was decided a feasible alternative to the proposed closing of the vast hunting area, at a meeting of sportsmen of the San Joaquin valley held at Lindsay with Supervisor F. P. Cunningham of the forest. The meeting was called to devise means of lessening the fire danger during the deer season, which opened September 1.

Figures obtained from the water superintendent of the Turlock Irrigation District, show that approximately 70 per cent of the 181,490 acres, which the district embraces, is under intensive irrigation. Over 100,000 acres of the irrigated area is planted to alfalfa, beans, grain, trees and vines, alfalfa leading with 35,000 acres. Other crops include melons, garden truck, rice, sweet potatoes and corn. Since the completion of the Don Pedro project, the Turlock district has ample water supply to afford irrigation when needed, the usual period being from February to October.

Community Building

Employing Idle Land for Public Forests

Two-thirds of the cities in New York state have started, in one form or another, municipal forests, chiefly on city watersheds, and several already have planted more than 1,000 acres. Some of these forests in addition to the young plantations contain mature trees that may be utilized for lumber and wood. In the Albany city forest, which contains more than 600 acres, a considerable portion of the land is covered with mature pitch pine, a recent survey showed \$50,000 worth of lumber for piles besides 2,000 cords of wood.

The conservative commission is receiving inquiries from all parts of the state in reference to the planting of municipal forests by counties, cities, towns, villages and school districts that are considering the use of idle land to grow lumber and wood to meet their local needs. Many cities in Europe have such forests that are more than one hundred years old and are steady sources of revenue. In Switzerland the city of Zurich regularly employs one man for every 33 acres of its forest, and in the winter and times of industrial depression employs more. What Europe has been doing successfully and profitably for two centuries American cities are just beginning to do, and are using for that purpose land not suited to raising agricultural crops, of which there are large areas.

Make Garage Conform to Style of Home

The majority of the houses that are being built today—at least the better houses of today—are being carefully planned and executed so that when finished they are a credit to the neighborhood. They will always remain so, for they are not flimsy in construction nor structurally ornate with gingerbread work. In other words, they are planned on conservative lines.

However, even yet, we often find a house that is well built, following some certain type of architecture, such as the English cottage, the Dutch colonial or others equally well known, and this house is really a source of pride to the owner and the whole neighborhood, but many of these same houses have garages on the rear of the lot, simple boxlike structures without thought as to design. These detract from the general appearance of the property.

The garage should harmonize with the house in physical structure and, finishing. It costs practically no more to build a garage after the Dutch colonial style than it does to build an ordinary shedlike garage. Trellises may be placed against a garage, adding to its decorative value.

Landscape Planning

In building a new home it is of course important that the landscaping be arranged in keeping with the house. Where the home is pretentious the services of a "good landscape gardener" are desirable. A good landscape man is an artist who knows how to eliminate the unsightly features of your home and how to accentuate its attractiveness by the use of shrubs, trees and vines, not to say anything about proper grades and terraces. Even in the home of lesser cost and smaller dimensions, such an outlay proves in every case a good investment.

Yet any number of home builders feel that they cannot afford such an expenditure. That may be true in a number of cases where the home purchaser is straining his resources to meet payments. However, that is no reason why such people should not try to make their homes attractive as those owned by people of greater means.

Color Scheme Important

We give scant thought to the colors that we paint our houses, to the tint of the body color, to the contrast of the colors of body, trim and roof, and to the relation of the colors to the surroundings, natural and artificial.

We apparently tell the painter that the house is to be white with green shutters, and accept his idea of the shade of green without considering that it may make the difference between charm and mediocrity. The house of loveliest design may be ruined by inappropriate colors, and color may give distinction and charm to a house that in itself is commonplace in the extreme.—Detroit News.

Home Needs Care

Are you one of those home owners who takes pride in his home and its surroundings and strives at all times to keep it at its highest efficiency and attractiveness? Or are you one who has the mistaken idea that your home will take care of itself without any effort on your part? If you are one of the latter, you are likely to find that your home-owning experience is not going to be as profitable and as satisfactory as you have every right to expect.—Chicago Evening Post.

Highway Signs Illegal

California lawmakers have passed an ordinance prohibiting the erection of signs and billboards along highways. Exception is made for legal and directional signs.

WON'T LOSE FORTUNE

It is not going to cost Marie Kryn, a pianist of Chicago, \$100,000 to marry Spiro Hadje-Krylakos, a titled Greek, this fall. Ten years ago her father, Bohumir Kryn, promised Marie and her sister, Josephine, \$100,000 each if they would stay single and study music until they were thirty years old. Three years ago Josephine married Paul Taylor White and forfeited her \$100,000; now Marie has announced that she, too, will give up the money for the sake of love. But Papa Kryn has capitulated.

Not a Fable

Daddy's Evening Fairy Tale

BY MARY GRAHAM BONNER

THE PRETTIEST DAY

They went for a picnic. They left early in the morning and a slight mist was over everything, so that the autumn colors seemed somewhat pale and delicate in the misty light.

Then the sun began to peep forth and send its rays through the mist, so that it seemed as though many jewels shone through the dewy mist and glistened on the different colors of the trees and of the shrubs and of the autumn wild flowers and the grass in the field.

They Cooked Their Lunch.

Then the sun shone through a warm and smoky haze and the colors of the trees were so beautiful with their soft golds and reds and russets.

Then the sun came out in full force and the colors were so brilliant, the air so warm and keen and fresh, and ponds and lakes so clear with the most beautiful reflections in them.

Then they sat down and had their picnic for up to now they had been riding along on their bicycles.

There were eight of them on the picnic and what fun they had.

They lighted a bonfire and they cooked their lunch and oh, it tasted so delicious.

The very smoke of the bonfire added to the fun, but it did not smoke for long.

They all knew too much about the out-of-doors for that.

They knew which way to sit around the fire and how and where to build it.

After lunch was over they told stories and talked and then they went exploring.

They climbed over the rocks and found all sorts of interesting pieces of stone, odd ferns, funny little insects, and beautifully marked leaves.

Up on the side of a hill they found a cat and they brought it down and gave it a saucer of milk and some bits of food.

Then the cat started for home, as it had wandered on up the hill and had been a little afraid about getting down, with all the rocks and crevices.

While the cat had been wondering just what to do these nice people had come along and decided the question.

So the cat had had help, a meal, and was now starting for home.

No cat could be more satisfied.

After they had finished exploring they started off again but, of course, they put out every bit of the fire.

They knew the woods too well not to be very, very careful about fire.

They went back until they had almost reached home. Then they stopped for one more little late-afternoon meal of the cookies and the bananas that had been left over from the lunch when they had eaten so much they could not eat any more.

They arrived home just as another mist was coming over the brightly colored trees and then it became dusk.

And as the night began to push the day gently but firmly away and as the stars began to appear in the dark, dark purple sky, one of the children said:

"This was the prettiest day I have ever seen - all day long - every bit of it."

Then out came They Found a Cat.

Mr. Moon, looking his best, and trying to say:

"You may have seen me many times, but surely I am worth seeing now for I am lighting up this beautiful autumn world."

And in the glow of village bonfires and the light of the moon the beauty, as well as the fragrance, of the autumn was crowning an exquisite day.

RIDDLES

What is it that a dog can draw as well as an artist?

His breath.

Why is a poor joke like a broken pencil?

Because it has no point.

What is still hot in the coldest of weather?

Mustard.

What is that which is often found where it is not?

Fault.

Why can you never say there is such a thing as a whole day?

Because every day begins by breaking.

What is it that will give a cold, cure a cold, and pay the doctor's bill?

A draught (draft). A draught of air, a draught of medicine, and a draft on a bank.

Word More or Less

A colored man was slowly looking over cantaloupes on the fruit and vegetable counter of a Senate avenue store. The clerks were busy at other counters.

"How much these melons?" the man asked in a sing-song voice none too distinct.

"What's that?" snapped the storekeeper, a bit impatient at being interrupted while he was weighing sugar.

"I said, how much these breakfast melons?" said the colored man, attempting to be more explicit.—Indianapolis News.

BALBOA THEATER

Douglas MacLean is always funny,
 no matter what the material he has
 to work with, but in this instance he
 has a story that offers full scope for
 his inimitable laugh-provoking talents
 in "Hold That Lion," which comes to
 Balboa Theatre, Friday, Saturday and
 Sunday.

An engaging, gracious and divert-
 ing stage presentation is included in
 the Balboa Theatre entertainment
 this week, with Fanchon and Marco's
 "A Wee Bit of Scotch," featuring a
 cast of notable artists, the Kiltie
 Band and Sunkist Lassies.

For the latter four days of the
 Balboa week, starting Monday, and
 in conjunction with Gilda Gray's
 photoplay, "Alma of the South Seas,"
 Fanchon & Marco offer a "Hawaiian
 Idea," with the songs and dances
 native to the beautiful Isle of the
 Pacific.

The week will be called "George
 Stollberg Farewell Week," in honor of
 the popular guest conductor whose
 engagement at Balboa Theatre comes
 to an end the following Thursday
 evening. Stollberg has been appoint-
 ed director of one of the largest
 orchestras on the Pacific Coast, for
 West Coast Theatres, Inc., and will
 assume charge of his new organiza-
 tion in Los Angeles immediately.
 The special week designated in his
 honor will give his many friends and
 admirers opportunity to express their
 appreciation of his splendid musical
 ability.

Al Lyons, will succeed George Stol-
 berg, as guest conductor. Mr. Lyons
 comes from a long engagement at the
 Senator Theatre, another West Coast
 Theatres Inc., at Sacramento, and is
 a director and musician of exception-
 al ability. He will be featured on
 the programs with piano and vocal
 numbers. The announcement of the
 engagement of Mr. Lyons will be re-
 ceived with pleasurable anticipation
 by music lovers.

Douglas MacLean in "Hold That
 Lion," will be the feature picture for
 the Junior Matinee, Saturday from
 12:30 to 2:30 P. M. Chaperones ap-
 pointed by the Better Films Com-
 mittee who will be present are Mrs. M. T.
 Kelly, Council of Catholic Women,
 Mrs. Grace Sams, Women's Civic Cen-
 ter, Mrs. M. Ferguson and Mrs. Alma
 Young, War Mothers, Mrs. Lelia
 Cushing D. A. R., Mrs. E. Welch,
 Parent Teachers Association.

CABRILLO THEATER

Marshall Neilan's production, "Dip-
 lomacy," opens today for a week's
 run at the Cabrillo Theatre, with
 Blanche Sweet and Neil Hamilton in
 the leading roles.

The Casino, an exact replica of
 the famous one in Deauville, where
 the scenes of this picture are laid,
 is without doubt one of the most
 impressive sets ever seen on the
 screen. The side-walk cafe represents
 another set that calls for particular
 mention.

Blanche Sweet is said to have
 never been seen so lovely as in her
 new role.

Foreign Dishes Bring Added Zest to Dinner

By MRS. WM. C. POST

Mrs. Wm. Post.

Height of my culinary ambition
 always has been to make dinner each
 day a gastronomic
 poem, rounded
 and perfect like a
 stately rime. A
 meal that pleases
 eyes, nose and
 palate alike!
 A well-turned
 dinner is like a
 pretty woman in
 that it unlocks
 men's hearts with
 a magical key.
 Exotic dishes
 give a tang of
 other lands to the
 dinner table. Things foreign awaken
 the romantic sense. Taste of codfish
 a la Benedictine transports one for the
 minute to the Montmartre in gay Paris,
 a dash of Piroski and we are supping
 in a quaint cafe on the Nevsky Pros-
 pect in Leningrad, while the crunch
 of English tea cakes may bring vi-
 sions of the rolling moors of Sussex.

As an aid to the housewife in carry-
 ing out this new and fascinating idea
 in cooking, the following of my recipes
 may prove of particular interest:

Italian Polenta.

8 cups hot-cooked 1 1/2 tbsp. butter
 1/2 cup mush or olive oil
 Beat the butter into the mush while
 hot. Turn onto a hot serving plate
 and pour over the following cheese
 sauce:

Cheese Sauce.

2 tbsp. fat 1/2 cup evaporated
 1/4 cup butter 4 tsp. baking
 1/4 tsp. salt milk diluted
 Dash pepper 1 cup meat stock
 1 cup grated
 cheese

Melt the fat, add the flour, salt and
 pepper, and stir until the mass is
 smooth. Add the diluted milk and
 cook in a double boiler. Stir occasi-
 onally to keep smooth. Add grated
 cheese to the hot sauce and stir until
 melted or about three minutes.

Butterfren Kuchen.

1 1/2 cups sugar 2 1/2 cups flour
 1/4 cup butter 4 tsp. baking
 2 eggs, separated powder
 1-3 cup evaporated Grated rind of 1
 milk diluted lemon
 with Chopped or sliced
 2-3 cup water almonds

Cream butter and sugar, add yolks
 of eggs and the lemon rind, stirring
 constantly. Mix flour and baking pow-
 der, add to the butter mixture, alter-
 nately with the milk and lastly stir in
 the stiffly beaten whites of eggs. Place
 in well-greased shallow coffee cake
 tins, sprinkle with granulated sugar,
 cinnamon and a few almonds, sliced
 fine or chopped. Bake in a moderate
 oven.

AUTUMN FROCKS OF MOIRE SILK; SILK OR RAYON BLOOMERS BEST

CONFIRMING the trend toward richer silk weaves, moire is being launched as one of the forthcoming important fabrics for the coming season. Like everything else in this Twentieth century program of progress, modern moire features "latest improvements." That is, instead of being of formal-like and austere "stand alone" quality as in days of old, the new moire silk is

the place of one or more trunks. Does it not provoke a smile to think of the yards and yards of embroidered flannel or stiffly starched petticoat our grandmothers, no, not our grandmothers, for they are keeping pace with the younger generation, but let us say our great grandmothers, carried about with them, and the heavy-boned atrocious cage called a corset, and—well, what's the use of re-

FROCK OF BLACK MOIRE, TOUCHED WITH PINK

as supple almost and about as light-weight as chiffon. As to colors! Not one of the beautiful shades on the fall and winter color card are missing. A "thing of beauty and a joy forever" is moire silk in the entrancing claret shade, which is now so ultra-smart. Then there is Chanel red, mulberry, aubergine (eggplant purple) to be added to the list of reds, also there are infinite shades of blue, outstanding among which are navy and royal, jungle green and jungle brown are also new and stylish to an extreme, not forgetting that beige is taking on a greater prestige. The trimming of black with delicate pink has proved so successful, the combination is being repeated in the

calling things so foreign to our present common-sense idea of dress? We of this age and day are learning to clothe ourselves healthfully and joyfully. This is why we are choosing our underwear of fine Italian silk and if we cannot quite afford that, then of rayon, which is a most delightful substitute. It is why we prefer bloomers like the picture shows to petticoats. It is why we are so interested in the new three-in-one garments which include corset and all the necessary undergarments. These slenderize the figure, weigh but a few ounces, can be put on in less time than it takes to tell about it.

There was a time when the word "silk" carried a note of exclusiveness

BLOOMERS INSURE STYLISH SILHOUETTE

newer modes. The stunning frock pictured is of black moire with ravishing touches of pink disposed in facings of collar and cuffs matched to the graceful front panel which is buttoned from neck to hemline.

The last word from Paris is expressed in the styling of this dress. Note the flowing cuffs such as graced the coats of the gay cavaliers who courted the ladies in the days of romance "when knighthood was in flower." That this frock opens in red-fingote fashion is also indicative of the reigning mode. The belt treatment, too, verifies the report that belts and girdles find favor in the designing of the majority of present-day frocks.

With this de luxe costume, milady wears a chapeau of compelling style, the same being a fine imported velours of the much exploited vagabond type. Women do not carry nearly the amount of baggage about in their travels as formerly. It is a fact, and statistics prove it. Expressmen and transfer companies are complaining of a considerable falling off of business because the week-end bag or at least a capacious suitcase is taking

and extravagance. Not so in this day of enlightenment; we have come to consider it a matter of economy to invest in silken night robes, and costume slips, bloomers, vests and "step-ins." Aside from excellent wearing quality and ever-fresh appearance, the bother-some matter of laundering is vastly simplified. This, together with the fact that dozens of dainty silken garments can be packed into small space without crushing, makes traveling an unalloyed pleasure.

By the way, color contrast is the latest item in regard to new silk lingerie for this fall and winter. A flesh-colored garment bordered with pale blue, or green or maize is fashion's latest whim.

WHY DENY YOURSELF THE BEST IN MOTOR CAR BODIES

The finest of the new cars in all price classes have now been announced—Cadillac Buick, Chevrolet, Oakland, Oldsmobile and Pontiac.

All offer vastly greater values than ever before in motor car history.

All register amazing advantages in performance and ease and economy of operation.

But the greatest factor of their new glory is described in a single phrase—Body by Fisher.

Here is their supreme beauty—setting absolutely new standards in charm of design and interior fitting.

Here are unequalled factors of safety which add so much to your comfort and confidence.

Here are exclusive conveniences and niceties which do, indeed, make the car with Body by Fisher superior in its class.

No matter what mechanical developments may allure you, it is the body of your car with which you live most intimately—that is why the General Motors units, makers of the best of the new cars in all price classes, point so proudly to the emblem—Body by Fisher.

With the finest of the market to choose from there is no reason why you should deny yourself the greater safety, beauty and comfort which only a Body by Fisher can give.

African Natives Show

No Fear of Crocodiles

Crocodiles and natives fraternize in the most friendly manner at Tuman, a village on the Gold Coast of Africa. Princess Marie Louise, cousin of King George of Great Britain, tells about the good feeling between the crocodiles and Gold Coasters in travel letters, which have just been published.

The natives regard crocodiles as the "familiar spirit" of man and never injure them. In fact, they believe that any person who injures or kills a crocodile also may be killed.

"We watched village women wading about among crocodiles in the village pool quite undisturbed," says the princess. "The women seemed to have no fear. They even pushed the crocodiles aside if they got in their way. The natives fill their pots and bathe among the reptiles without the slightest fear."

Lions Stalk the Highways

In East Africa the drought has been so severe that wild animals have invaded the towns and settlements in search of water. At Ndrolu the inhabitants have only to stroll a short distance out of town to encounter herds of buffalo and rhinos and it is a frequent occurrence to meet all manner of big game, including lions, on the roads leading from one town to another.

Lucky Man Gets All

A tontine agreement is an arrangement by which a group of persons share certain benefits or moneys on such terms that in the event of the death or default of one or more members these shares are divided among the remaining members, until one person has the whole amount or advantage. In most modern insurance tontines the whole goes to those remaining in the group on the expiration of the tontine period.

People Are Learning the Value of Occasional Use.

EVERYONE knows that a laxative stimulates the bowels. A diuretic performs a similar function to the kidneys. Under the strain of our modern life, our organs are apt to become sluggish and require assistance. More and more people are learning to use Doan's Pills, occasionally, to insure good elimination which is so essential to good health. More than 50,000 grateful users have given Doan's signed recommendations. Scarcely a community but has its representation. Ask your neighbor!

LAWN BOWLING

On Monday, last, Mr. and Mrs. John Chambers enjoyed a most enjoyable week attending the meeting of the Associated Lawn Bowling Clubs of California. Mr. and Mrs. Chambers were formerly members of the Oakland Bowling Club, and they availed themselves of this occasion to meet many of their old friends. San Francisco, Pasadena, Riverside, Redlands and Claremont were well represented, and at the banquet held at "The Elks" on Thursday evening nearly 400 sat down to dinner. The games were played on the three beautiful greens in Exposition Park.

BOWLING GREENS NEEDED

San Diego is helped out heavily in having no facilities for lawn bowling. In Balboa Park there are many locations at present, uncultivated which would make ideal bowling greens and as beauty spots would repay many times the cost of laying them out, and would attract many visitors as well as permanent residents to San Diego.

AVONDER-DURR

Casa de Manana at La Jolla was the scene of a charming wedding at high noon Saturday, Sept. 4. The bride was Mrs. Adeline B. Durr of Mission Beach. The bridegroom was Edward J. Avonder of San Diego, president of the San Diego Lithograph Company. The matron of honor was Mrs. Edward A. Mathens, Ted Samuels, nephew of the bride, was best man. The ceremony was performed by Judge C. N. Andrews. The bride wore an exquisite gown of white Spanish lace and carried a shower bouquet of pale yellow roses and lilies of the valley. The matron of honor was gowned in heavily beaded blue, georgette and carried an arm bouquet of Russel roses.

A charming wedding breakfast was served in the private dining room immediately after the service. The table was elaborately decorated in pale yellow and white roses. A number of friends from Los Angeles, Glendale and San Diego and vicinity witnessed the marriage.

Mr. and Mrs. Avonder are occupying the beautiful home at 716 Nahant court, Mission Beach, where Mrs. Avonder entertained her bridge club last Tuesday afternoon and bridge.

The entire interior will be painted white and fitted with all modern conveniences.

BUSINESS LAW COURSE OFFERED WOMEN

The San Diego evening high school each year offers a course in business law at hours that are convenient for most women to attend. The class this year again will be taught by Mrs. Lewis Goff and will meet at the high school Tuesday and Thursday afternoons. The subjects treated will include investments, banking and business customs, laws pertaining to contracts, real estate and taxes of various kinds, including income taxes. Applicants for the course are asked to register as soon as possible.

MINING INTERESTS ORGANIZE

Imperial and San Diego County mining interests held a meeting in the San Diego Chamber of Commerce last Wednesday to organize a mining department or bureau of mines. A full time mineralogist or mining secretary is expected to be employed by the organization to gather and distribute information on the rich deposits in the two counties and bring operators and consumers together.

SUMMER PLAY CENTERS

PROVE POTENT FORCE IN

CITIZENSHIP BUILDING

Sam Deering, executive secretary of Community Service, reports the most successful summer play centers for 1926 that San Diego has had so far. Centers were conducted at eight public schools, with 2,000 children enrolled in definite activities. Fifteen employed directors, including school principals, supervisors and teachers of the highest caliber were assisted by 175 competent volunteers.

The centers have been operated for three summers by Community Service with the co-operation of the Board of Education, Parent-Teacher Associations, neighborhood improvement clubs, Central Labor Council and other civic organizations. They are a great force in citizenship building.
